Category 21 - Furnace							
	Bid prices for ALL items in this category MUST be entered on THIS form to be considered as a complete bid. Brand or manufacturer of product, and warranty and spec information, if applicable, must be included with bid to be considered as a complete bid. All bids must include freight costs with delivery to Springfield, SD. If a brand name is specified, equal or greater quality material will be allowed, but you must state brand substituted. Include normal lead time of your product.						
	Down flow/horizontal gas furnace description: 95% natural/propane gas sealed combustion 2 pipe system; 2" PVC pipe for venting furnace, must be able to be vented from either right or left hand side or directly out the top, must have a zero clearance rating for closet installation; 40" maximum height; 60-65,000 BTU; coil box adaptable for A/C installation - no coil; LP kit with every furnace; 24 volt 4-wire heat/cool set back digital thermostat; condensate must be able to be taken out either side; must include all material needed for down flow installation. Down flow electric furnace description: 15kw electric heat, 220 volt single phase, 24 volt 4-wire heat/cool set back digital thermostat, with coil box adaptable for A/C installation - no coil. Must include all material needed for down flow installation including a junction block for wire terminal connections. Equipment normally has 2 breakers, however, we run heavier wire and use 1 breaker and the junction block. Each furnace is to have a minimum 5 year warranty on parts, and a limited life-time warranty on the heat exchanger to the original homeowner. Must provide customer service to the homeowners. Send warranty & spec information. Thermostat to be digital only - no mercury or snap acting thermostats accepted.						
	The estimated quantity of furnaces depends on future house orders. We plan on ordering 91 furnaces. The estimate quantity is 43 gas & 48 electric, but we may need fewer gas and more electric furnaces or vice versa. We reserve the right to adjust quantities.
