Current Funding Breakdown

SD-500 CoC- Funding 2022

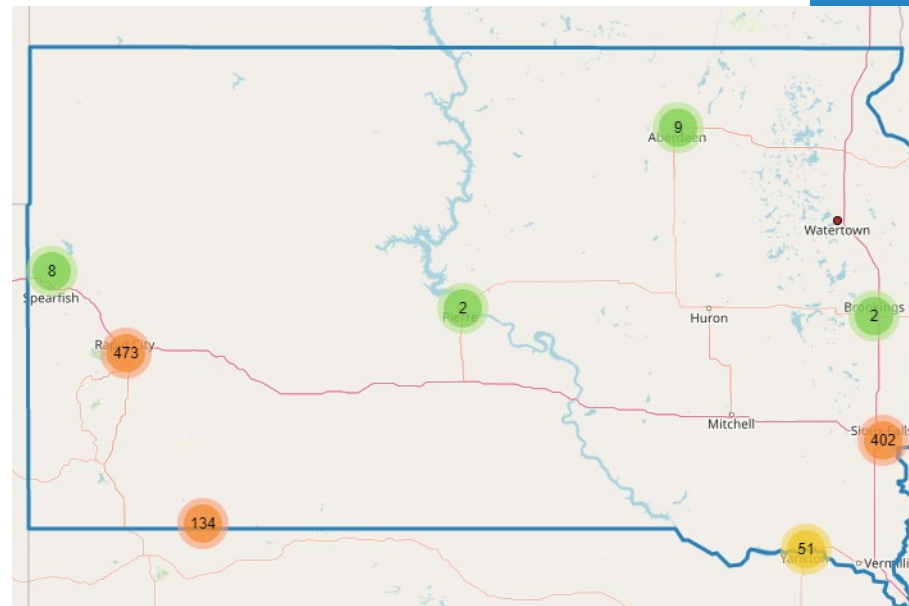

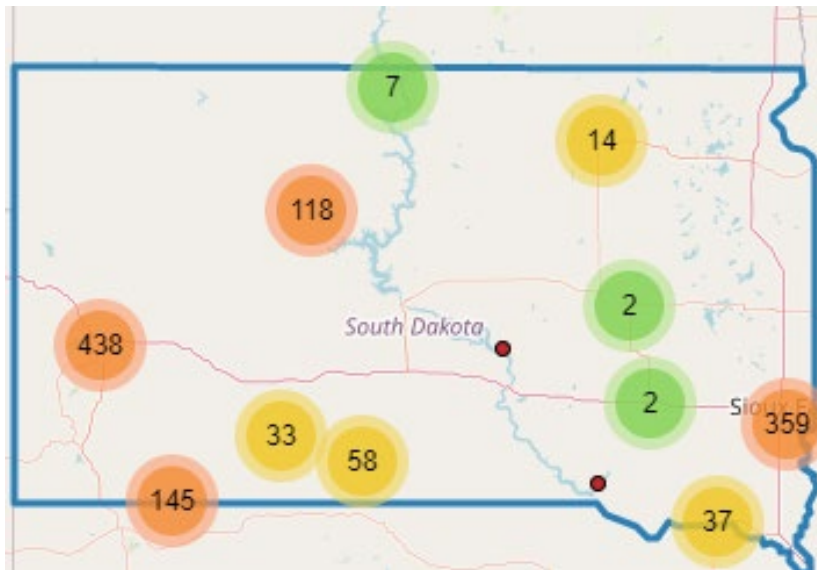

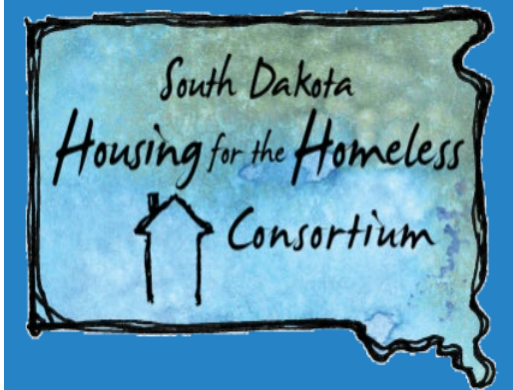

YHDP Funding | Oct 2022 - Sept 2024

CoC Recent Activities

- PIT Count –1,282 Total Surveys
 - The 2023's PIT will show a reduction.
 - Permissions for counts were received from Oglala, Cheyenne River, Rosebud and Standing Rock but Pine Ridge was the only area to submit surveys.
 - Fewer DV Agencies Participated in 2023's PIT yet final DV numbers were higher than 2022's

PIT Debrief

2022 – 1,389 Total (342 Unsheltered | 24.6%)

Children	281	American Indian	952
Youth (18-24)	96	Black	63
Adults (25-older)	1012	White	341
Households	1069	Asian	5
Chronically Homeless	140	Pacific Islander	0
Veterans	40	Multi-racial	28

- Significant reduction in households with children.
- Increase in youth (18-24) and adults (55 and older)
- Increase in Chronic Homeless and Veteran Homeless

2023 – 1,282 Total (310 Unsheltered | 24.1%)

Children	207	American Indian	779

Student Rights Under McKinney-Vento Federal Law

McKinney-Vento Homeless Assistance Act, Subtitle VII-B

Reauthorized December 10, 2015 by Title IX, Part A of the Every Student Succeeds Act

(Effective October 1, 2016) 1

McKinney-Vento Homeless Education Act protects the rights of students without a fixed, regular and adequate nighttime residence.

Examples:

- Living with friends or relatives due to economic difficulty
- Living in hotel or motel (due to lack of housing)
- Living in a shelter
- Living in a place not designated for or ordinarily used as a regular sleeping accommodation

- Living in cars, parks, public space, abandoned buildings, substandard housing, bus or train stations
- Migratory children who qualify as homeless based on the above circumstances
- Homeless unaccompanied youth

The McKinney-Vento Act addresses educational barriers and challenges created by homelessness by guaranteeing students experiencing homelessness the right to enroll in and attend school, and providing supports needed for school success. The law places the responsibility for ensuring the rights of homeless students on states and school districts.

Every school district is required to have a liaison to assist in protecting the rights of students.

McKinney-Vento eligible students have the right to:

- receive a free, appropriate public education;
- enroll in school without giving a permanent address

- enroll in school immediately, even if lacking documents normally required for enrollment, or having missed application or enrollment deadlines during any period of homelessness;
- enroll in school and attend classes while the school gathers needed documents (birth certificate, school records, transcripts, immunization records)

Report Card

NAME: _____ EVALUATED BY: _____

Subject	Grade	Comments

- continue attending the school of origin, or enroll in the local attendance area school if attending the school of origin is not in the best interest of the student or is contrary to the request of the parent, guardian, or unaccompanied youth;

or

- has the right to dispute enrollment decisions
- while dispute is being decided has the right to attend the school requested
- school must provide the parent/youth with a written explanation and inform of the right to appeal

- receive transportation to and from the school of origin, if requested by the parent or guardian, or by the local liaison on behalf of an unaccompanied youth; and

- receive educational services comparable to those provided to other students, according to each student's need.

- automatically participate in free breakfast and lunch programs
- attend a school and participate in school programs with students who are not homeless.

While students experience instability in their home lives due to homelessness, school is often a place of safety and security. School provides students with a sense of belonging, a consistent and caring environment, and the security of an organized and predictable daily schedule (Moore, 2013), all of which provide a foundation for school success. School also provides basics that the students may not have access to at home, like breakfast and lunch.

As schools continue to increase their focus on producing college- and career-ready graduates, education also becomes an increasingly clear path out of poverty and homelessness for students. Despite the significant educational barriers posed by homelessness, students often cite the desire for a better life as the reason why they continue to work toward graduation.

WHAT RESOURCES ARE AVAILABLE TO HELP STUDENTS EXPERIENCING HOMELESSNESS?

- Every state has a State Coordinator for Homeless Education, who oversees the implementation of the McKinney-Vento Act in school districts throughout the state.

South Dakota's State Coordinator is Dawn Smith
605-773-3134

South Dakota Department of Education, Pierre

- Every public school district has a local homeless education liaison to help identify, enroll, and support the education of students experiencing homelessness. To find your local liaison, contact your school district's central office or your State Coordinator.

The name of the local liaison's is available at [SD Educational Directory, SD Department of Education.](#)

National Center for Homeless Education
NCHE provides information and assistance through a comprehensive website, monthly webinars on various homeless education topics, and a national homeless education helpline. To learn more or get assistance, visit the website at <https://nche.ed.gov/> or contact the helpline at (800) 308-2145 or homeless@serve.org.

NCHE's *Homeless Liaison Toolkit* is a comprehensive homeless education resource that assists new and veteran local liaisons in carrying out their responsibilities. While the *Toolkit* is geared towards local liaisons, the information included will be of use to anyone interested in learning more about homeless education.
