

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2023 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2023 Continuum of Care (CoC) Program Competition. For more information see FY 2023 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2023 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).

1a. Provide a description that addresses how this project will follow Positive Youth Development.

Positive Youth Development will be integrated into all programming. Youth will have the chance to engage in positive relationships and interactions that can help them develop into healthy and productive adults. PYD strategies include providing youth with access to experiences that help them learn healthy and valued behaviors, expectations, and principles.

Adequately trained staff members who understand and respect youth are essential to providing a safe space for a positive experience. It will include youth and adults who are trained in team building exercises with appropriate youth-to-adult ratios, with a system that ensures you are welcomed, and has a balance for different learning styles in programmatic activities.

Programs will create opportunities where youth share their interests and work collaboratively with their peers. Staff will be trained in handling conflict, recognizing symptoms of withdrawal and understanding how to engage youth.

Programs will provide opportunities for youth to be engaged in small group activities based on interest, need, and unique challenges. Structured team building will also be provided to ensure that all youth have a chance to get acquainted and to feel involved, with opportunities for sharing.

Programs will engage youth and staff in creating a respectful environment that involves a respect for diversity and culture in activities. Youth will be engaged in exploring career and workforce opportunities, goal setting, and opportunities for youth to make a difference in service learning and peer support.

Opportunities will be incorporated for youth to master and apply skills and engage in determining choices toward progression of new levels of learning.

Engagement with parents and/or guardians, staff, and youth participants through activities, newsletters, websites, and program policies.

Being aware of when youth are in school or out of school and plan accordingly to support youth in extended programming opportunities.

1b. Provide a description that addresses how this project will follow Trauma Informed Care.

The Family Connections Center, will utilize a trauma-informed approach at the Drop-In Center, The Circle, that realizing the prevalence of trauma, recognizing how it affects all individuals involved with the program, organization or system, including its own workforce, resisting re-traumatization, and responds by putting this knowledge into practice.

The Drop-In Center, The Circle, will utilize Core Principles of a Trauma-Informed System of Care that include Safety, ensuring physical and emotional safety. Trustworthiness, maintaining appropriate boundaries and making tasks clear. Choice, prioritizing choice and control. Collaboration, maximizing collaboration. Empowerment, prioritizing empowerment and skill-building.

The Drop-In Center, The Circle, will utilize the 7 Domains of Trauma-Informed Care:

1. Early screening and comprehensive assessment.
2. Youth driven care and services.
3. Trauma-informed, responsive and educated workforce.
4. Emerging and evidence-informed best practices.
5. Safe and secure environments.
6. Trauma-informed community partnerships.
7. Develop a performance monitoring system to demonstrate what are the outcomes that you are seeking.

1c. How does this project help the community meet the shared vision, goals and objectives of the coordinated community plan?

We've utilized the mission, created from the CCP, with YAB guidance, 'empowering youth to advocate, educate, learn, use and gain resources to create positive change in the on-going homeless youth problem' to create an action plan based on a youth led vision. Following the YAB identified need for a youth specific crisis center in Rapid City, we've incorporated programs, supports, and services that hopefully exceeded all of the goals and objectives of the coordinated community plan, led by youth voices to answer the identified statement of need.

5. Effectively serving youth populations:

5a. Describe the racial composition of the persons or households who are expected to benefit from your proposed grant activities, including a description of how you analysed the local population to determine this.

Utilizing the South Dakota Coordinated Community Plan data that was completed in 2021, Unaccompanied Youth and Young Adults Experiencing Homelessness Needs Description:

The SD-CoC Longitudinal Systems Analysis (LSA) data report includes data from Federal Fiscal Year (FY) 2021, 10/01/2020 to 09/30/2021, and the following information is from this time period. There were 294 Unaccompanied Youth 18-24 years of age that accessed the South Dakota Homelessness System as recorded in the Homeless Management Information System (HMIS) and 59% percent were male and 39% female, 1% transgender and 1% no single gender. American Indians represented 45% and Whites (non-Hispanic) 29%, Blacks 11%, White Hispanic Latinos 5%, Multiple Races 5%. 5% reported that they were currently fleeing DV and 16% were DV survivors. 87% reported that this was their first time homeless. 5% reported being continuously homeless and 6% were re-engaging from a temporary destination. Of all the Unaccompanied Youth served in South Dakota, only 19 of 294 were youth served in Rapid Rehousing and 2 youth were served in Permanent Supportive Housing. Most of the youth served were in Emergency Shelter or Transitional Housing, 282. Youth generally exited homelessness to temporary destinations 42% with only 17% of youth exiting to permanent housing. The unknown exit destinations were very high at 41%. Youth Households Prior Living Situations showed that 23% were on the streets, 26% were sheltered homeless, 5% were living in temporary settings, 13% were in institutions, and 30% had been in permanent housing. Youth receiving shelter or transitional housing included 92% being served were in a city and only 8% reported being served in a rural area. There were 45 Child Only Households (COHs) served by the homelessness system in South Dakota in FY 2021 and 44 of these households were served in Emergency Shelter or Transitional Housing and 1 household was served in Rapid Rehousing. Child Only households were 57% female and 41% male with 1% identifying as no single gender. COHs were 48% Native American, 5% Black, 16% multiple races, 2% Native Hawaiian or Pacific Islander, 32% white non-Hispanic, 5% white Hispanic and 7% were unknown race.

5b. Identify any potential barriers to persons or communities of color equitably benefiting from your proposed grant activities.

When you consider the totality of past injustices, it is unfortunately not surprising that people of color are far more likely to experience housing instability and homelessness. In fact, people of color are dramatically overrepresented among those experiencing homelessness. In our area, Native Americans make up a disproportionate share of the homeless population.

In working with the Youth Action Board, many with lived experience, cultural competency and understanding of the unique needs of persons or communities of color continued to be a leading conversation in overcoming inequity in houselessness.

5c. Detail the steps you will take to prevent, reduce or eliminate these barriers.

While creating the Coordinated Community Plan, and implementation of projects, service providers, local government, YAB, and community leaders began meeting to help to overcome and remove barriers in housing to people experiencing homelessness. Working together, as a collaborative community, with YAB, many with lived experiences, we've begun expanding conversations, education, and training to remove barriers for persons or communities of color.

The YHDP processes, led by the YAB have created conversations where we invited the YAB to review our Policies and Procedures, as well as best practices, making adjustments to any perceived or actual barrier that the YAB identified to eliminate racially biased tools, processes, and decision-making in all points along our organizational homeless response.

Continue to invest in relationships with organizations that are trusted within communities of color for education, best practices, and experience in delivering homeless services to persons or communities of color.

Meet with created YAB Cultural Committee and with colleagues at organizations that are trusted by persons or communities of color to collaborate on advancing racial equity and maintaining an anti-racist organization.

Work with the Youth Action Board to implement climate surveys and interviews regularly to assess overall program and organizational climate.

Continue to instill cultural norms that our organizational staff need to listen, respect and act in ways that continues foster racial equity.

Work with the Youth Action Board Cultural Committee to create a racial equity plan for the program and organization with accountability metrics.

Participate in community and provider training opportunities in anti-racism, implicit bias and microaggressions that are offered. Seek training opportunities that have not been offered in the community on an ongoing basis.

Consider and participate in new forms of community activities and engagement that seek to make meaningful connections with people of color and their communities.

Continue to institutionalize these activities above so that they are not "one-off" experiences, rather are embedded within the program and organizational norms.

Create accountability by centering persons or communities of color in the process of advancing change through the Youth Action Board monitoring, as well as meet regularly with the YAB Cultural and YHDP Projects Committees to address and remove any barriers.

5d. Describe the measures in place to track progress and evaluate the effectiveness of efforts to advance racial equity through the grant activities.

Data Measurements to Identify and Quantify Racial Equity:

HMIS Data Elements:

HMIS data entered in compliance with CoC Program requirements capture a significant amount of relevant data on racial and ethnic disparities, which includes both race and ethnicity of participants.

As an organization we are able to track and evaluate data elements, each broken down separately by race and ethnicity, to analyze data already being recorded.

Measure change in average and median length of time persons of color are homeless in shelter, transitional housing, and some other situations.

Measure returns to shelter, transitional housing, contact with street outreach, and some other situations among those with successful exit to permanent housing recorded in HMIS for persons of color.

Measure change in PIT counts of sheltered and unsheltered persons experiencing homelessness and change in annual count of sheltered homelessness in HMIS for persons of color.

Measure changes in multiple types of income for those in shelter, transitional housing, rapid rehousing, or permanent supportive housing programs in HMIS for persons of color.

Measure change in the number of people in shelter, transitional housing, and some other situations with no prior enrollment in HMIS for persons of color.

Measure change in placements referred from street outreach to transitional, or permanent housing for persons of color.

Measures change in exits to or retention of permanent housing for persons of color.

Coordinated Entry System (CES) evaluation:

Length of time to contact persons of color for program referrals.

Number of attempts to contact persons of color for program referrals.

Number of successfully enrolled persons of color in programs to which they were matched and referred.

Rate of retention for people of color by program.

Youth Homeless Demonstration Projects

1. Does this project carry out housing problem solving activities to divert or rapidly exit households from homelessness? Yes

1a. Describe the intervention strategy to engage families and how community partnerships such as child welfare agencies, schools, youth providers, and other community service and homeless providers are incorporated into the intervention strategy?

Strength in response with intervention strategies to engage youth and families comes from community service provider partnerships, through the Drop-In Center, The Circle, and the Transitional Housing SRO. After timely assessing needs of youth who are or at-risk of homelessness, highly trained navigation staff will immediately refer youth to the service provider partnership that best meets the immediate needs of youth. Case Manager, and Peer Navigators will continue conversations with youth and service provider partners, to ensure referrals are responded to in a prompt manner, and execution of services meets the needs of youth who are, or at-risk of homelessness. Social and emotional programs and services will also encourage and incorporate family engagement through activities.

Rapid City Area Schools McKinney Vento Coordinators identified 812 youth at risk or experiencing houselessness during the 2022-23 school year. We have formed a collaborative partnership with McKinney Vento Coordinators to ensure that any youth identified in the school district is aware of supports outside of the school. McKinney Vento Coordinators provide brochures highlighting service and supports at the Drop-In Center to any youth who may benefit from programming, or need referral for Coordinated Entry, or Transitional Housing.

Working with Department of Social Services, we partner to also ensure any youth who may benefit from referral is given a warm hand off or collaborating supports. We have built a good relationship where youth that are aging out, or in care with DSS are given additional support, as well as awareness for any future needs.

Intervention does take community collaboration. Several service providers who serve the homeless population gather to update on supports, programs, and interventions once a month in person, as well as communicate by phone and email often for referrals.

2. Is this a Host Homes Project? No

3. Does this project plan to use Rental Assistance? Yes

3a. Will this project use Rental Deposits? Yes

3b. Will this project cover first months rent? Yes

3c. Short Term Rental Assistance: Yes

3d. Medium Term Rental Assistance: Yes

4. How will the community continue to involve the Youth Action Board (YAB) in the development and implementation of YHDP projects?

I feel we have one of the most engaged YAB's, partly due to the many service provider related mentors, who help develop youth voice and leadership skills from a standpoint of overcoming adultism, and a not about me, without me motto. Our YAB meetings as of late, typically have 12-16 youth in attendance. Recently they have begun breaking into work committees, with each committee focused on different impacts, and they continue to share with YHDP projects what they have learned and change they would like to see in our community, and with supports.

YAB is currently reviewing the Coordinated Community Plan, and beginning to develop ideas and reviews for monitoring, and meeting with YHDP projects to discuss opportunities to learn together.

Our YAB also attends numerous service provider community meetings and works on many initiatives that aren't just about houselessness, other items that impact or effect houselessness.

There's really nothing that impacts services or youth that we don't incorporate the YAB in, from hiring, to policies and procedures, best practices, programming, processes, etc.

5. Will your project offer any specialized services for youth living with HIV/AIDS? Yes

a. If Yes, please provide detail of those services.

We have an agreement with a local medical provider to offer STD/STI testing, on-site, at the Drop-In Center, The Circle, which shares the property with Transitional Housing SRO units, including HIV, and have already developed relationships for referral with service providers for Ryan White Program, and HOPWA (HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS), as well as an identified community service provider partnership for anyone seeking mental health needs due to HIV/AIDS.

Special YHDP Activities

1. Is the YHDP Renewal project applicant requesting a Special YHDP Activity, Exemption or Innovative Activity? No

2. How will the project allow youth the ability to choose the providers and interventions that fit their needs?

Utilizing the Youth Voice, Youth Choice Model, and open communications with on-site Peer Navigators and Case Worker, referrals to service providers and interventions are strictly at the discretion and decisions of the youth. Proposed supports and interventions may be refused at any time, with no consequences to the youth. Peer Navigators and Case Worker on-site would then determine the next best solution to meet the needs of the youth. Since multiple interventions are available through different service provider relationships, multiple solutions may be available to meet the youth needs, lending freedom to express Youth Voice, Youth Choice Model.

3. How will the project respond to the different needs for service type, intensity, and length of supports for youth?

On-site Peer Navigators and Case Worker assessment and follow up will be critical in determining the different needs for service type, intensity, and length of supports for youth. Having open dialogue with youth in service, as well as scheduled follow up with assessment, and referrals will help the Drop-In Center, The Circle, staff, as well as Transitional Housing SRO Case Management make adjustments to supports for youth. Having direct contact with referral Service Providers discussing needs/assessments and ongoing updates to Service Providers from Peer Navigators and Case Worker on-site concerning the youth based on updates, will also allow Service Providers to adjust service type, intensity, and length of support. On-site Peer Navigators and Social Worker will be the much-needed bridge of communication between Service Providers.

Identify whether the project includes the following activities:

4. Transportation assistance to program participants to attend mainstream benefit appointments, employee training, or jobs? Yes

4a. Transportation assistance to clients to attend Youth Action Board (YAB) meetings and other community events? Yes

5. Annual follow-ups with program participants to ensure mainstream benefits are received and renewed? Yes

6. Do program participants have access to SSI/SSDI technical assistance provided by this project applicant, a subrecipient, or partner agency? Yes

6a. Has the staff person providing the technical assistance completed SOAR training in the past 24 months? Yes

4A. HMIS Standards

1. Is the HMIS currently programmed to collect all Universal Data Elements (UDEs) as set forth in the FY 2022 HMIS Data Standard Manual? Yes

2. Does HMIS produce all HUD-required reports and provide data needed for HUD reporting? (i.e., Annual Performance Report (APR)/CoC reporting, Consolidated Annual Performance and Evaluation Report (CAPER)/ESG reporting, Longitudinal System Analysis (LSA)/Annual Homeless Assessment Report, System Performance Measures (SPM), and Data Quality Table, etc.). Yes

3. Is your HMIS capable of generating all reports required by all Federal partners including HUD, VA, and HHS? Yes

4. Does HMIS provide the CoC with an unduplicated count of program participants receiving services in the CoC? Yes

5. Describe your organizations process and stakeholder involvement for updating your HMIS Governance Charters and HMIS Policies and Procedures.

SDHHC and the PAC designated the South Dakota Housing Development Authority (SDHDA) staff to serve as the HMIS Lead Agency to manage HMIS, The PAC works with SDHDA and HMIS Committee. As a stakeholder, we are invited to HMIS Committee meetings, as well as the ability to communicate openly with the PAC, and SDHDA employees to update HMIS Governance Charters and HMIS Policies and Procedures. We are provided with contact information for SDHMIS lead contact, to reach via phone, and email in the event there is a need for clarification for HMIS Policies and Procedures.

6. Who is responsible for insuring the HMIS implementation meets all privacy and security standards as required by HUD and other federal partners?

SDHDA agrees it will make use of all safeguards required by HUD Privacy Standards and HIPAA Privacy Rule, where appropriate, in order to prevent unauthorized disclosure of protected client information. As users, agencies agree that only staff who work directly with clients or who have administrative responsibilities can look at, enter, or edit client records and follow SDHMIS Standard Operating Procedures. The agency shall uphold federal and state confidentiality regulations and laws that protect client records.

7. Does the HMIS Lead conduct Privacy and Security Training and follow up on privacy and security standards on a regular basis? Yes

8. What is the CoC’s policy and procedures for managing a breach of Personally Identifiable Information (PII) in HMIS?

If a breach occurs, access to SDHMIS may be terminated and the agency or user may be subject to further disciplinary action as defined in the Participating Agency’s personnel policy. If notice or suspect of security breach occurs, user must immediately notify the Director of the Agency, and the SDHMIS Project Coordinator.

VAWA Budget

VAWA Budget

New in FY2023, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:

- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
- Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
- Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
- Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
- Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
- Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
- Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
- Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.

B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:

- Monitoring and evaluating compliance.
- Developing and implementing strategies for corrective actions and remedies to ensure compliance.
- Program evaluation of confidentiality policies, practices, and procedures.
- Training on compliance with VAWA confidentiality requirements.
- Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.

6I. Summary Budget

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.
